

**ROLLING HILLS PREPARATORY SCHOOL  
AFTER SCHOOL PROGRAM (ASP)  
2007 – 2008**

Dear RHP Parents:

Rolling Hills Preparatory School has been committed to fully accommodating the academic needs of a diverse student body since our inception. In order to offer every student the opportunity to succeed, we have created a supplemental tutorial program aimed at helping students who need additional academic and/or study skills support. The program is formally referred to as the "After School Program": or in short, "ASP." ASP has three major components:

**Supervised Study Hall** provides students with a supervised, quiet atmosphere in which to complete assignments and prepare for quizzes and exams.

**Subject Specific Assistance** provides students with tutorial assistance, review of materials and study strategies in every major subject area including Math, English, Science, History and Foreign Language.

**After School Intensive** is a program that provides an intensive (no more than 5 to 2 ratio) tutorial for students who need rigorous academic support.
